munications etc. The necessity for the grant has been explained in the Note circulated for the Standing Finance Committee. I request that the House may be pleased to make the grant.

Motion put and carried.

Rs. 2,320—0—0 under "10 Forests—A-5—Communications—Buildings, etc."

Mr. T. Narayana Menon.—Sir, I rise to move for an additional allotment of Rs. 2,320 under 10 Forests-A 5 Communications, etc. For the reasons given in the Note circulated for the Standing Finance Committee I request that this House may be pleaesd to sanction this supplementary grant.

Mr. K. T. Mathew.—May I know Sir, what is the urgency for this work? Why it has been brought as a supplementary grant when we have the Budget for the ensuing year.

Mr. T. Narayana Menon.—This is a building known as the Palace Madhom in Parambikulam. At Parambikulam this is the only principal camping place for distinguished visitors and others who go to Hills. It is a very long time since these buildings were repaired and it had to be constructed to accommodate the Agent to the Governor-General when he went to Kuriarkutty. This place could not be occupied then. Instead of spending a large amount on repairs we thought it better to get this building reconstructed as soon as possible. Now the building has been completed.

Mr. K. T. Mathew.—Before speaking on the motion I would like to know Sir, whether a part of the expenditure has been incurred or will it be spent before the end of the year since there are only a few days more for the year to close.

Mr. T. Narayana Menon.—I may say that the whole amount has been spent already. The idea was to find funds from the savings of the department at the end of the year, but since it was found that the expenditure could not be met from savings, the necessity for this additional allotment has been necessitated.

Mr. K. T. Mathew.—I want a ruling from the President whether this expenditure should come in the form of a supplementary grant or whether it should be included in the statement placed under section 16 (9).

Mr. T. Narayana Menon.—Sir, I request that I may be allowed to explain. The work is being got done departmentally. We have given the amount only as an advance. At present it is only an advance. The expenditure will be incurred only when the final adjustm ent is made.
